

ZAMBIAN WEIYE LIMITED REGULATORY COMPLIANCE & PROCUREMENT DIVISION

Tender Reference: TND-2026-008

- **Tender Title:** Provision of Engineering Mine Surveying Services (Sinazongwe Site)
- **Publication Date:** June 1, 2026
- **Closing Date:** June 3, 2026
- **Award Date:** June 4, 2026

Scope of Works

The selected surveying engineering firm will be required to mobilize to the Sinazongwe District coal mine site to execute the following vital technical milestones:

1. **Underground Portal Realignment:** Precise technical re-definition and alignment calibration of the portal centerline for the upcoming June 2026 underground trial mining phase.
2. **Surface Pit Mapping:** Full establishment, physical verification, and digital coordinate mapping of the historical surface mining pit boundaries.
3. **As-Built Site Asset Plan:** Generation of a comprehensive, high-precision structural plan drawing mapping all civil buildings, electrical infrastructure, and structural installations currently established on site. **Final deliverables must include professional, high-format A0 and A1 physical and digital drawings of the complete mine plan.**

▪ **SUBMISSION DIRECTIVE:** > This procurement call has been officially closed and evaluated. The engineering contract was fully AWARDED to Consultant Surveyor Eng. Reuben Phiri on June 4, 2026. No further bidding materials, commercial proposals, or corporate profiles are being accepted under this reference cycle.
